

CASHMERE NM. 2/28

100% (WS) cashmere

IMPIEGO

F.F. Cotton 21 gg, Rettilezza finezza 12

1 Capo

FINISSAGGIO

Consigliamo di immergere i capi, a rovescio, in acqua con durezza inferiore a 5° francesi, PH 5.5, la cui temperatura non superi i 30° C. Il rapporto bagno sarà 20/1 (pari a 20 litri di acqua per ogni chilo di materiale). Lavate con sapone follante, risciacquate, scaricate l'acqua e lavate di nuovo con poco ammorbidente, se lo ritenete necessario (non oltre il 1,5% sul peso dei capi, compatibilmente con il tipo di ammorbidente utilizzato).

Centrifugate per 1 minuto o più, al fine di eliminare tutta l'acqua. Estrarre subito e distendere accuratamente le maglie per evitare di rendere le pieghe permanenti.

Asciugate brevemente in tumbler ad una temperatura che non oltrepassi i 70°C.

Colori diversi necessitano tempi di follatura diversi e pertanto non possono essere trattati congiuntamente; maglie di identico colore ma lavorate su macchine di diversa finezza devono essere follate separatamente.

Poiché il risultato finale viene sensibilmente influenzato dalla fittezza del capo e dal tipo di materiale utilizzato, è necessario effettuare prove che determinino le tempistiche da adottare.

Colori uniti: si possono tingere tutti i colori delle cartelle stagionali e colori a richiesta.

KNITTING

F.F. Cotton 21 gg, Flat machine 12

1 Ply

FINISHING

We recommend to soak the garments on their reverse side in water, the hardness of which is equal or below 5° French, PH 5.5 and temperature not over 30°C. Bath ratio must be 20/1 (20 liters of water per kilogram of the garments). Wash with milling soap, rinse, drain and wash again adding a small amount of softener, if you find it necessary (not more than 1,5% on the weight of the garments, depending on the type of softener used).

Spin-dry the garments for 1 minute or more, in order to reduce the amount of water.

Lay the garments flat to avoid creases.

Briefly tumble dry at 70°C max.

Different colours require different finishing time and cannot be washed together; garments having the same colour but being knitted on different gauge/needle must be washed separately.

The final result is very much affected by the stitch length and by the type of machine used; it is thus very important to test the duration of finishing, in order to achieve the expected handfeel.

Solid Colours: colours from our seasonal colour cards or custom-made colours can be dyed.

Questo filato è proposto anche in titolo 2/36 solo su richiesta.

This yarn can also be produced in Nm. 2/36, on demand only.
