Impiego: Macchina Rettilezza fin. 16-18

FINISSAGGIO

Dettagli di finissaggio sono disponibili su richiesta.

QUANTITÀ OTTIMALI

Colori disponibili: a partire da kg. 1,

collo ideale kg. 24 ca.

Supplementi per colli di peso inferiore.

Colori uniti non disponibili o a campione:

kg. 6 - 12 - 24 - 36 - 60 - 120 - 240

SOLIDITÀ COLORI:

Data la composizione del filato le solidità GB 18401 (Cina) non sono garantite.

Questi valori non garantiscono l'utilizzo in rigato, specialmente per i forti contrasti.

Eventuali esigenze particolari dovranno essere specificate all'atto dell'ordine.

Il lino per sua stessa natura presenta peculiarità del tutto speciali; potrebbe manifestare differenza di colore fra le partite di greggio, dando origine a scarsa uniformità di tonalità fra le forniture. Data la speciale composizione di questo filato, non tutti i toni possono essere riprodotti fedelmente. In alcuni casi, è possibile che si manifesti un leggero effetto melange. Una superficie leggermente irregolare è caratteristica propria del lino. A causa della sua naturale "rigidità", inoltre, il lino può evidenziare spirality nella maglia rasata dopo il lavaggio in acqua.

Qualora venga confermato un difetto del filo, non saranno riconosciuti danni per quantità smacchinate oltre il 10% in peso della quantità consegnata.

FINISHING

Finishing details are available on request.

IDEAL QUANTITIES

Available colours: starting from 1 kg. Each

standard box approximately kgs. 24

Surcharge for cartons of inferior weight.

Non available or custom solid colours:

kgs. 6 - 12 - 24 - 36 - 60 - 120 - 240

COLOURS FASTNESS:

Due to the yarn composition the GB 18401 (Cina) are not guaranteed.

Some colours might not be suitable for knitting stripes or other knitted pattern if using very contrasting colours.

Any other special fastness should be expressly requested.

Linen, by its very nature, reveals very special peculiarities; the colour of raw white yarn can vary from lot to lot and therefore cause slight colour difference among the lots supplied. Due to the yarn special composition, then, it may be difficult to exactly reproduce all requested shades. Occasionally a slight melange effect may appear. A delicately uneven surface is one of linen's peculiarities.

In addition, due to linen natural "stiffness", spirality may appear on plain jersey when washed in water.

If it's confirmed as a yarn defect, we will not accept any claims for any knitted quantity over 10% of the delivered weight.

PER CAPI RIGATI LAVARE A SECCO

IN CASE OF STRIPED KNITWEAR
DRYCLEANING IS RECOMMENDED
